

United Way Quarterly Report - Q4

The impact of the health and economic crisis made it necessary for us to implement a new funding framework, wherein grant allocations will be decided quarterly, based on operating capacity, demand for services, and the essential nature of a given program. Our Community Impact Committee concluded that going forward, we would ask our partner agencies to complete a brief report sharing changes and updates to your program goals and delivery. This will allow us to continue making informed decisions in this ever-changing landscape.

The information you report will primarily refer to initiatives, changes, and adaptations that occurred during the past three months (April - June 2021).

Note that once you have started the survey, you will not be able to save it and finish it later; you must complete it in one session. A downloadable copy is available on our website so that you can prepare if you wish to do so.
